This aligns with best practice and the accreditation standards of the Australian Medical Council (AMC) and Medical Council of New Zealand (MCNZ). Delivering meaningful education on cultural safety is essential to realising the College's vision for change. Education and training ensure that practitioners learn to reflect and understand the impact their own culture can have on the delivery of services to their patients' health outcomes.	1530 MDT session/debate: Liver malignancies (HCC and metastases): The role of Surgeon/IR/IO/RO in abdominal cancers MDT Panel: Dr Muddasir Rashid, Dr Ash Jhamb, Dr Dominique Lee Dr Vladimir Andelkovic Dr Katherine Stuart Dr Peter Hodgkinson Prof Karyn Goodman 1630 Post-treatment imaging: liver, kidney (SABR, TARE, TACE, ablation) Dr Muddasir Rashid	1530 Mobile stroke unit: does it benefit thrombectomy? 	Faculty Forum	Faculty Forum
	Join us for an informative discussion on the latest international developments in clinical radiology as four clinical leaders from across the globe share valuable insights into advances and challenges within their respective geographic domains. The panellists will be putting forth their views on a wide range of issues including the future direction of our profession, role of AI and opportunities for international collaboration and learning. Panellists: Clin A/Prof Sanjay Jeganathan (President, RANZCR) Prof Adrian Brady (Immediate Past President, ESR) Dr Howard Fleishon (Immediate Past President, ACR) Dr Matthew A. Mauro (President, RSNA). Moderator: Dr Rajiv Rattan, Dean, FCR, RANZCR	This faculty believes that brachytherapy is a better investment for the future than SABR." Join us for a thought-provoking debate that delves beyond the technicalities of cancer treatment. Two expert groups collide in a clash of perspectives on the investment of our future: Brachytherapy versus SABR. Beyond the realms of dosimetry and trial outcomes, we journey into the economic, safety, sustainability, and equity dimensions. This is not solely a national contemplation, but a global one, where our role in oncology propels us to ponder the broader implications of our choice. FOR: Prof Sean Collins; Dr Mei Ling Yap, A/Prof Michael Jackson AGAINST Prof Karyn Goodman, Prof Jarad Martin, Dr Giuseppe Sasso
1900 - Late	ASM Gala Dinner & President's Address Theme: "Hollywood" At the conclusion of the Gala Dinner, we will be kicking on at the Soleil Pool Bar located next door at the Rydges, be sure to join us for after dinner drinks and tunes. <i>Plaza Ballroom</i>
