INVITATION TO PARTNER

The Royal Australian and New Zealand College of Radiologists® 2026 Annual Scientific Meeting Ōtautahi Christchurch, Aotearoa New Zealand, 22 - 24 October 2026.

Following the outstanding success and record attendance of the 2025 ASM in Melbourne, we are delighted to invite you to partner with us for the RANZCR 2026 Annual Scientific Meeting (ASM), in Ōtautahi Christchurch — our first ASM in Aotearoa New Zealand since 2019.

The College's flagship event will bring together radiologists, radiation oncologists, trainees, and industry partners from across Australia, New Zealand, and beyond for a comprehensive program of education, innovation, and collaboration. With no separate New Zealand Branch ASM taking place in 2026, this meeting provides a unique, combined opportunity to engage with the full Australasian radiology and radiation oncology community in one location.

This theme recognises the collective effort that healthcare now entails. Radiology and radiation oncology play a central role in delivering modern healthcare, and collaboration — within our own specialties and across disciplines — has never been more critical in meeting the increasingly complex health needs of patients and the challenges presented by new technologies, research, and knowledge.

With the support of our valued industry partners, the ASM is stronger and more impactful. **Together, we are better** — delivering a richer, higher-quality scientific program, fostering innovation, and supporting delegates to connect, learn, and advance the practice of radiology and radiation oncology across Australasia.

Partnership opportunities will include sponsorship, exhibition, and bespoke engagement packages designed to maximise visibility and build meaningful connections with decision-makers, clinicians, and researchers shaping the future of imaging and oncology.

We look forward to welcoming you to Ōtautahi Christchurch and working together — he waka eke noa, we are all in this together — to deliver an exceptional ASM in 2026.

Theme: **Better Together. He waka eke noa.**

WHY BE INVOLVED

Supporting events such as The Royal Australian and New Zealand College of Radiologists® Annual Scientific Meeting (ASM) offers an outstanding return on investment, providing a unique platform for organisations to achieve their marketing, networking, and business objectives — all in one place.

The ASM brings together radiologists, radiation oncologists, trainees, and allied health professionals from across Australia, New Zealand, and beyond. It provides the ideal opportunity to engage with key decision-makers, showcase your products and services, and gain significant brand exposure at the College's flagship event. This is your chance to stand out, connect with your target audience, and position your organisation as a leader within the profession.

In 2026, the ASM theme "Better Together. He waka eke noa." celebrates collaboration and shared purpose — values that are strengthened through partnership with industry. By supporting the ASM, your organisation helps deliver a high-quality scientific program and contributes directly to the advancement of education, research, and clinical excellence.

As a valued partner, you'll enhance your organisation's reputation as a trusted industry supporter and demonstrate your ongoing commitment to the future of radiology and radiation oncology.

Brand Awareness

The ASM provides the perfect platform to showcase your products, services, and innovations to a highly engaged and influential audience. Receive direct feedback, strengthen

relationships, and generate new leads among more than 1,500 delegates — many of whom are key decision-makers within their organisations.

Stand Out from the Crowd

Differentiate your organisation in a competitive marketplace by partnering with the RANZCR ASM. Demonstrate your commitment to the profession, its emerging talent, and the communities you

serve. Partnership provides opportunities to connect personally with clients and stakeholders, helping you build authentic relationships and long-term trust.

Face-to-Face Connections

In an increasingly digital world, the value of in-person engagement cannot be overstated. The ASM provides a dynamic environment to meet face-to-face with delegates — to exchange

ideas, share experiences, and build genuine connections that drive future business. Supporting the ASM gives your brand the platform to create meaningful, lasting impressions with the people who matter most.

Engage Your Team

With so many influential delegates gathered under one roof, the ASM is the most efficient way to connect with a large, targeted audience in a short time. It's also a great opportunity to bring your own

team together — fostering collaboration, idea-sharing, and professional growth. Consider aligning your national sales or team meeting pre- or post-ASM to make the most of your participation and the collective energy of the event.

Enhanced Image

Participation in the ASM is an investment in your reputation. Aligning with an event that attracts and inspires the region's leading clinicians helps shape perceptions, influence attitudes, and

reinforce your commitment to professional excellence.

As a partner, you'll enhance your profile as an industry supporter dedicated to advancing education, innovation, and patient outcomes — while staying connected to the latest developments in clinical radiology and radiation oncology.

Heightened Visibility

By partnering with the ASM, your organisation will gain significant exposure before, during, and after the event through a comprehensive marketing campaign — spanning social media,

website features, email communications, and RANZCR's print and digital publications. These include Inside News (with a readership of over 4,000 members) and JMIRO, the College's peer-reviewed scientific journal.

Position your organisation in front of more than 1,000+ radiologists, radiation oncologists, and health professionals from across Australia and New Zealand, and be recognised as a trusted leader in the field.

To ensure a cohesive and engaging delegate experience, industry-hosted social events are not permitted to run in parallel with official ASM program activities or College-hosted social functions.

Hosting events during these times is considered to be in direct competition with the ASM's social program and is therefore not supported under the ASM sponsorship and exhibition terms and conditions.

Please note that holding competing events may result in the withdrawal of exhibition or sponsorship entitlements at the current ASM and may also impact participation in future RANZCR ASMs or other College initiatives.

We appreciate your understanding and collaboration in helping us deliver a unified and high-quality experience for all delegates and partners.
